Slush is a student-driven, not-for-profit movement on a mission to help founders change the world. Since they got going in Helsinki in 2008, Slush has thrown events in every corner of the globe and built digital initiatives that help founders throughout the year. The pinnacle of each Slush year is the main event, which is the leading gathering of the startup world. **Slush 2021 is all about creating a magical concentration of the world's brightest entrepreneurs, investors, corporate professionals, and policymakers.**

Originally a one-day event, **Slush** has now become an entire week of exhilarating events around Helsinki. From Investor and Founders Day to knock-your-socks-off side events, Finland's capital has got it going on.

The doors open at **8 am–6 pm on Dec 1 and 8 am–10 pm on Dec 2**. In just two days, you'll have a chance to hear from the key players of the startup world, get the most hands-on entrepreneurial advice, see the up-and-coming startups of today, and connect with the most relevant people to you.

Slush 2021 includes reams of side events all around Helsinki. Check out the official side events and keep an eye on it as they will be updating many more side events throughout the fall.

The Luxembourg Creative Industries Cluster brings together various interconnected players in order to increase their visibility and enhance their innovation potential.
