LETZ CODE S.À.R.L

We'll make IT!

We'll make IT

[LetzCode]

COMPANY INFORMATION 

ONLINE PRESENCE

TEAM 

LetzCode creates innovative solutions for business and specializes in 3D and Augmented Reality software. Our current goal is to help business owners show their physical products' full potential online and increase their sales.

Currently, we focus on introducing CustomizeMe.app. It's a low-code platform that includes an Augmented Reality 3D configurator with the price quotation module.

Our motto is "We'll make IT!" which means we are open to new IT challenges and we will deliver what your company needs.

SKILL SET

Our platform includes many functionalities. Here are some of them

Low-code browser-based engine

LetzCode brings with CustomizeMe an easily applicable low-code 3D customization engine. You can modify on your own the product options that you want to share with customers. Without 3rd party assistance. Just in our special browser-based panel (Back Office) designed to make tech knowledge not

CustomizeMe allows customers to interact with real-time changing dynamic 3D models. With our configurator, they will be able to see your product from every angle, configure parts and colors. The standardized workflow of CustomizeMe allows any 3D model to be personalized in real-time, whether your 3D model is a pen, watch or complete building.

Augmented Reality

Augmented Reality boosts customers imagination about the product and increases their confidence. Our Augmented Reality feature allows customers to
