

DESIGN

SINTROPIA DESIGN - UX UI

We specialize in brands, products and UX UI digital experiences.

Sintropia[®] design

COMPANY INFORMATION

Sintropia is a design studio founded by industrial designers in 2009. We specialize in brands, products and digital experiences through the integration of multidisciplinary concepts in the design process.

It comes from the passion for design, based on transforming chaos into order, energy and creative ideas into reality, becoming sintrophy to entropy.

Social Agent Interface Action

Object

We are focused on the user experience of products and services.

We study the target user behavior

Objectives definition

Evaluation and requirements

Research

Alternatives development

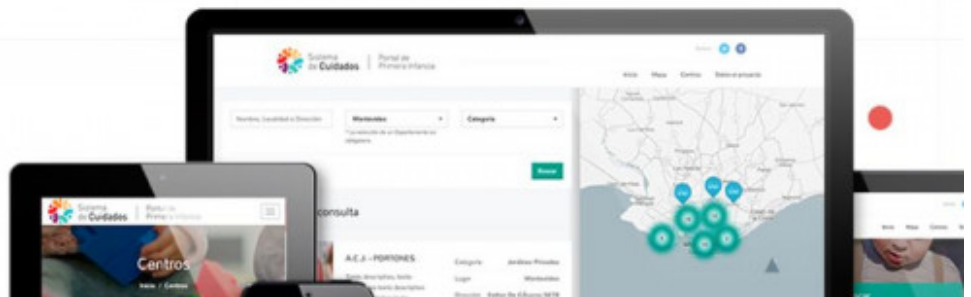

Encourage the exchange of information on early childhood education and care proposals between citizens and early childhood service providers.

Each Child Care and Education Center can expand and update the information on each proposal, as well as including images that illustrate the work of each Center.

primerainfancia.uy

Is portal web that provides the community with systematized and geo-referenced information of the public and private early childhood care and education centres, so that families can access to quality

MORE
