COLLABORATIONS

Grand Format is the first web platform in Luxembourg where its customers can book a date and a photo / video mission in just a few clicks, 24 hours a day.

Then? We take care of everything!

With the help of our extensive network of photographers & filmmakers freelancers, selected according to very strict specifications, we provide you with guarantees and services that no Freelancer or Agency can guarantee.

Your online customer area is optimized for project management. You can follow the progress of each order live, ask questions, pay your bills, send us documents and validate the rendering of your photos.

Whether you work in marketing, a start-up, in a public or a private institution, in an event or PR agency, for a brand, a shop or an association, your time is precious and we know it !

We at Grand Format understand this and can provide global or specific solutions to meet your needs.

We can manage great flows of image. Our services include:

- creating and editing images
- taking live videos of your events
- Helping you to develop your catalogue
- Taking photos of interiors, or culinary arts, etc
- We do corporate photos and portraits at your work-place where we install our professional photo studio.

We also guarantee an immediate replacement photographer for your event in the case of an unexpected occurrence. We will not leave you high and dry searching for a photographer at the last minute.

And do you like coffee ? If so, or even if you prefer tea, let's meet for a chat.
